

PAISLEY MAGIC CIRCLE MARCH 3RD A SPECIAL LECTURE **Paul Hallas**

Known on both sides of the Atlantic as a creative performer, gifted author, and fabulous lecturer!

Paul says, "the lecture is a mixed bag consisting of magic with cards, coins, mentalism etc. –more or less something for everyone. I don't include any knuckle busting stuff in my lectures." Paul's books, DVD's, and lectures have received rave reviews from such notables as Dan Garrett, Peter Duffie, Tom Craven, and Marc DeSouza. Among Paul's marketed effects are Especially Wild, Monster Mash, Vampire Dawn, Not Another Three Card Trick, The Beautiful Witch, Ultimate Think Stop, and The Handy Trick Collection. His highly acclaimed books include Small But Deadly (declared by Bill Wisch, "a total joy to read") and Magic From The Overground (described by Paul Romhany as "a GOLD MINE that EVERY MAGICIAN should own").

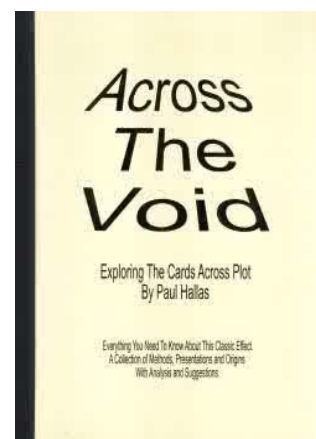

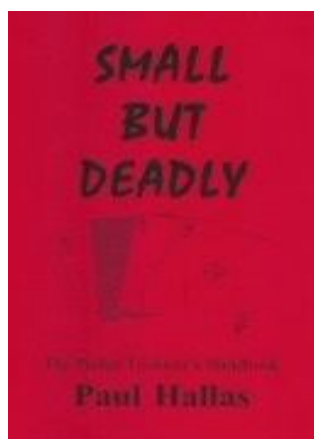

"Paul Hallas's lecture, packed with practical effects and advice, gave our club's program line up for 2011 a fantastic start...by all means, book him!" -- J. Hunter Gaul, President, IBM Ring #6, Springfield, Pa.

"I strongly believe that Mr. Hallas would enhance any club's function and any convention's program. His lecture and stage performance are top shelf! "

- Harry Murphy

"If you have the opportunity to see Paul perform or lecture, don't pass it up! - R. J. Bullock.

"Paul Hallas' lecture is a wonderful blend of magic and mentalism for the close-up and stand up magicians. There are no pipe dreams here; the material has been taken from Paul's own working repertoire. You will learn strong commercial magic for the working performer...magic you can and will use. On top of that is Paul's engaging personality and clear teaching style. All in all, a great evening of magical education and entertainment." - Marc DeSouza

**This is one of only two lectures this side of the Atlantic in 2011.
Don't miss it!!!**
